Plan and R-1 zoning (mostly in CGA)<br><br>Property is located mostly within the County's and entirely within the Town of Emmitsburg's CGAs. The predominant County land use designation (approx. 70%) on the parcel is LDR with the balance in AgRural and NR. The easternmost portion of the parcel lies within the Town limits of Emmitsburg. The parcel is predominantly cleared for agricultural use. Staff supports concurrence with the municipal plan and an expansion of the CGA into the balance of the property. LDR plan designation should extend up to the NR designated floodplain. Staff supports maintenance of the A zoning to facilitate municipal annexation of the parcel. |
